DETAILED ACTION

Allowable Subject Matter

1. Claims 1-9 and 12-19 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The reasons for allowance were indicated in the prior Office Action mailed 4/19/04. Namely, the prior art obtained by the Examiner fails to teach or fairly suggest the use of a multi-mode patch antenna in an integrated compact, self-contained, surveillance unit, in combination with the remaining features and elements of the claimed invention.

For example, Dillman U.S. Patent No. 6,388,611 and Snapp et al. US 2003/0069693 do not disclose the use of a multi-mode patch antenna in their disclosed surveillance devices.

It is noted that the limitation "integrated compact, self contained surveillance unit" in the preamble has been given patentable weight since it breathes life into the claim and since the body of the claim refers back to the "said unit".

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
